Enhancing access of students to cultural events (film screenings, museum visits, e.t.c.)

The John S. Latsis Public Benefit Foundation is a nonprofit organisation established in 2005 with the mission of preserving and perpetuating the benevolent legacy of the late John S. Latsis. The Foundation plans, manages and funds programmes across a wide range of issue areas including education, science, health, social welfare, culture and the environment, in collaboration with civil society partners and key players within these areas. Its approach to grant-making, focused mainly in Greece, prioritises the emergency relief of citizens in need, infrastructural improvement, NGO capacity building and community development, academic and research output reward, and highlighting of the cultural wealth of Greece.
